Hi, I'm Jonathan Kattenberg, and welcome to Walking With My Bear. The home of Unique Adventures.

As a qualified mountain leader, alongside my outstanding team, I lead fully-supported treks to some of the world's most inspiring places on Earth.

In addition to the treks shown in this brochure I can also design exciting adventures that meet yours or your organisation's bespoke requirements. These include combining a trek with cultural tours or experiences, or by adjusting the duration of the adventure. Inside this brochure are typical experiences available that can also be tailored just for you.

I believe too many people spend their lives chasing wealth, possessions, and external success, only to realise that none of it gives the fulfilment they were looking for. Time is priceless, and once it is gone we cannot get it back.

My philosophy is simple: slow down, enter a world full of excitement, and start living a life that brings you genuine contentment.

JONATHAN KATTENBERG
FOUNDER, WALKING WITH MY BEAR

"He may be in his 50's, but his pursuit to be the best and the fittest clearly showcases in his achievements and ongoing training.

To put this into context, in 2021 he completed 1,053 miles unsupported in under 13 days, and in the summer of 2023, he completed 34 x National 3 Peak Challenges and 8 Yorkshire 3 Peak Challenges. His training regime is extraordinary too. He will regularly spend up to 15 hours pulling a tyre for 30-50 miles without any support. Put it this way, I don't know many twenty-year-olds that could do that."
